2 Chron. 21:19, ויהי לימים ו מימים וכעת צאת הקץ לימים, Then it be at days, from days, even the time of the going out of the end for the days. While the LXX is somewhat literal here, just reading the LXX text would not be sufficient to receive an understanding of the Hebrew by an ordinary reader. It would have to be explained by someone knowning Hebrew that the literalism is meant to refer to the spring equinox.
