

הִנֵּה הָעַלְמָה הָרָה וְיֹלְדָת
בֶּן וְקָרָאת שְׁמוֹ עִמָּנוּ אֵל

The New Moon at the "best time" for first visibility. The Yallop rating is "A: Easily Visible." The moon is only under the feet on Yom Teruah, so this is when Yeshua was born!

A great sign appeared in heaven: a woman clothed with the sun, and the moon under her feet, and on her head a crown of twelve stars; and she was with child; and she cried out, being in labor and in pain to give birth. (Revelation 12:1-3)

Here are the heavens as they appeared on Yom Teruah in the year of Yeshua's birth.

The Hebrew text reads, "Behold the Virgin is pregnant, and will bear a Son, and you will call his name Immanuel." (Isaiah 7:14).

The chart was computed by Stellarium 0.11.4, which is a free public domain astronomy program, without any modifications. The date shown at the bottom is 8/31/-1. The year -1 is the astronomical date for 2 BC. The time given is the UT time of the new moon. The sun has set below the blue horizon line, and the moon is above it.

The woman is clothed with the sun, which is to say the sun was located in the constellation of Virgo (the Virgin) at the time of Messiah's birth.

Also the moon was exactly beneath the feet of the virgin as viewed from Jerusalem.

So the obvious literal sense of Revelation 12:1-3 is that Messiah was born on the first day of the 7th biblical month, which is called Yom Teruah, or the Feast of Trumpets.

The crown of twelve stars can be constructed using existing stars around the head of Virgo, but this is not shown in the chart.

Notice that the virgin holds a sheaf of grain in the left hand. Messiah is the promised "seed." She has a BRANCH in the right hand. The BRANCH is a messianic title of Messiah.

Anno: 4139

Month 7, Ethanim (Tishri)

2 BC

This is year 2 in the Sabbath (Shemittah) year cycle, and year 23 in Jubilee (Yovel) cycle 84

Shabbat Shalom!
