Could the Exodus-Shavuot Synchronism work in other "Exodus" years?

#### Pentecost/Shavuot on the Sabbath

Year	Days	Weekday	Pass/Fail
1635	50	Sabbath	Pass*
1634	50	Thursday	Fail
1633	50	Monday	Fail
1632	50	Sabbath	Pass
1631	50	Friday	Fail
1630	50	Tuesday	Fail
1629	50	Sunday	Fail

\*This solution has to be rejected because there are no chronological figures to add to the chronology without leaving unexplained gaps.

#### Pentecost/Shavuot on Sunday

Year	Days	Weekday	Pass/Fail
1635	51	Sunday	Fail
1634	53	Sunday	Fail
1633	56	Sunday	Fail
1632	51	Sunday	Fail
1631	52	Sunday	Fail
1630	55	Sunday	Fail
1629	50	Sunday	Pass*

\*This solution prevents synchronization of Hezekiah's Jubilee (710 B.C) with the Conquest Jubilee (1592 B.C.).  $1592-710 = 882$ .  $882/49 = 18.0$ . This solution does not match any possible sabbatical years given by the Rabbis.

Entry		Synchronous
Into land	Rabbis	Exodus
Date		
1594-93	RASHI#1	1633
1593-92	RASHI#2, RI, GREGG	1632
1592-91	RAMBAM, ZUCKERMANN	1631
1591-90	Wacholder	1630**
